TRAINING

This autumn we continue our roll out of training on the National Approach to Statutory Advocacy across Wales. We are particularly interested in linking in with Democratic Services and Corporate Parenting Panels from all Local Authority areas. Please get in contact to discuss options for your area.

National Approach to Statutory Advocacy Webinar

In partnership with ExChange Wales and CASCADE we will be hosting a free Webinar at 2.00pm on the 23rd October 2019. The webinar will explain and explore the National Approach to Statutory Advocacy. This briefing will touch on the history of the National Approach, the Active Offer and the overall principles of the National Approach to Statutory Advocacy.

To register your interest and receive a link to the webinar (a week before the live date), please use the link below.

TRAIN THE TRAINER

As our project comes to a close in March 2020, we will hold a number of Train the Trainer events during the coming months. The aim of these events is to support Local Authority staff and trainers to be able to facilitate and implement training on the National Approach to Statutory Advocacy and to make best use of associated training tools. We anticipate that, via this approach, training will continue to be available to Local Authority staff after our project has ended.

The Train the Trainer sessions will be **FREE** of charge and approximately two hours long. We are holding morning and afternoon events in Cardiff on 27th February 2020 and in Llandudno on the 23rd January 2020.

Independent Professional Advocacy - National Standards and Outcomes Framework for Children and Young People in Wales

The National Standards and Outcomes Framework for Advocacy has recently been published. The Welsh Government have developed a framework of steps, standards and outcomes which ensure that both advocacy services and local authorities are accountable for the quality of advocacy services available to children and young people. A link for the National Standards and Outcomes Framework is below.
